

Gallatin College/ P.E.O. Scholarship Fund

P.E.O. — “Where women motivate, educate and celebrate women.”

Bozeman-based P.E.O. Chapter BU, one of nine chapters in Gallatin County, has partnered with the P.E.O. Foundation, a 501 (c) (3), to create the Gallatin College Scholarship Fund to award scholarships to women from Montana who are pursuing an education at Gallatin College. This is an opportunity for P.E.O. Chapters to give locally through the International P.E.O. Foundation which is considered a Tier 3 Pyramid of Giving. Individual and business donations are tax deductible. MSU through Gallatin College provides more affordable access to one- and two-year education and workforce training programs that create enhanced opportunities for individuals and the business community. Collaborating extensively with area industries to develop new programs, Gallatin College provides responsive education and training options that meet local workforce needs.

Gallatin College offers a wide variety of programs for its students. The one- and two-year programs range from Aviation, Business Management, CNC Machine Technology and Robotics, Culinary Arts, Medical Assisting, HVAC, Drafting /CAD Technology and IT Cybersecurity. Some of the programs include an option to continue at MSU for a 4-year degree.
